

Equalities and Diversity Action Plan – 2008 – 2011

Introduction

Waverley Borough Council is fundamentally and absolutely committed to improving the well-being of all of our residents, and to becoming a 'top 100' employer.

We believe that there is much that we can do to further the goal of equality of opportunity for all, in our roles as:

- An employer
- A service provider
- A community leader

We believe that pursuing equality does not mean treating everybody as if they were exactly the same. We value the diversity of our communities, and we believe that it is absolutely right for us to tailor our services and adapt them to meet the particular needs of those who suffer disadvantage on the grounds of age, gender, race, disability, religion or sexual orientation.

One of Waverley's top strategic priorities is 'Improving Lives'. This Action Plan sets out the steps that we will take to ensure that we tackle disadvantage and discrimination in our communities, and that we play a positive and proactive role in valuing diversity and promoting equality of opportunity.
