

APPENDIX H

WAVERLEY BOROUGH COUNCIL

LICENSING AND REGULATORY COMMITTEE - 27 JULY 2009 EXECUTIVE - 1 SEPTEMBER 2009

Title:

**COMMUNITY EVENTS AND STREET TRADING –
STREET TRADING POLICY**

Wards Affected: All

Summary and purpose:

The Licensing and Regulatory Committee has agreed that there is a need to provide a street trading solution that will enable community and council-run events to take place in key locations in the Borough. A light touch review of Street Trading Controls was agreed - to determine a policy which would encourage such events occasionally, but not encourage individual traders in mobile vehicles. This Committee endorsed this approach on 8 June 2009.

To achieve these changes, two separate procedures - which may run concurrently - need to be followed:

- The Council must review the current designations of 'prohibited' and 'consent' streets and resolve to make changes where necessary, and
- The Council should create and publish a Street Trading Policy

This report, which was considered by the Licensing and Regulatory Committee at its meeting on 27 July, reports on the second of these requirements, while a separate report addresses the first.

How this report relates to the Council's Corporate Priorities:

Four of the Council's corporate priorities are impacted upon in a positive way:

Environment - Protecting and enhancing Waverley's unique mix of rural and urban communities is supported by the proposal, which allows community-run events access to local streets currently prohibited by Street Trading designations

Improving lives - Improving the quality of life for all, particularly the more vulnerable within our society. Gains anticipated here are based upon the increased diversity of locally run events and improved access to specialised products not otherwise locally available and therefore otherwise difficult to access by some vulnerable groups

Leisure – The increased access to community-run events in people's local areas will improve and support opportunities for all in recreational and cultural activities

Value for money – The introduction of a tiered fee system according to event size will help reduce enforcement and management costs for the Council, whilst minimizing the impact on businesses and encouraging variety for customers

Equality and Diversity Implications:

Community-run events, those of a similar nature to any run by the Council and certain charitable activities add to the diversity and well-being of the local scene. Affordable goods may be available to the benefit of people on limited income. Market stalls are often operated by minority ethnic groups and can be their main source of income. Policy should encourage and support events organised by, or planned for, members of any disadvantaged group and such applications would normally be looked on favourably.

Resource/Value for Money implications:

The Council's Economic Development & Partnerships service reports that some events and activities that will need consent may not happen if a commercial level of consent fee were applicable.

The Environmental Health service currently manages and enforces Street Trading legislation in Waverley. The anticipated increase in demands to ensure public safety at such events should be met within existing resources.

Income from licensing and regulation should not, as a general rule, generate income for the Council. It is normal practice for administering authorities to cover the costs of providing a licensing and registration service by means of set fees which are periodically reviewed. The proposed street trading policy contains a sliding scale for these fees, designed to ensure the burden is spread fairly among the organisations and businesses that will benefit from the change in Street Trading controls. Costs incurred through consultation and in the publication of legal notices will be one-off payments met from existing budgets.

Legal Implications:

Any policy needs to be developed taking into account any relevant government guidance, any other relevant Council policies and by ensuring that any restrictions set by the policy are capable of being properly justified, otherwise the Council would be susceptible to legal challenge by way of Judicial Review. Any such challenge would be to the High Court and therefore the cost implications would be high.

Introduction

1. Street Trading is defined as the selling or exposing or offering for sale of any article (or living thing) in a street. Such activity may cause nuisance and may be controlled by local authorities. In 1991, Waverley Borough Council adopted powers under the Local Government (Miscellaneous Provisions) Act 1982, to control Street Trading by the designation of 'prohibited', 'licensed' and 'consent' streets.

2. A 'Prohibited' street means a street in which street trading is prohibited. A 'Licensed' street means a street in which street trading is prohibited unless a licence has been granted by the Council. A 'Consent' street means a street in which street trading is prohibited unless the Council has given consent.
3. A licensed street designation is appropriate for the more formalised, market type of trading in a street where the strict control of a limited amount of space is required. Currently there are no licensed street designations in Waverley.
4. Designation of a street as a consent street covers a more infrequent type of trading. The Council is under no duty to grant consent to trade on a street which has been designated as a consent street. Neither is the Council required to specify grounds for refusal. Similarly, there is no right of appeal against the refusal of consent or the application of conditions attached to a consent. However, current good practice is for Street Trading Policies to include a local appeals mechanism.
5. The consent designation of a street is appropriate where it is necessary to limit the numbers and types of traders, their location along a street, their hours of operation and the measures they employ to remove their waste. These can all be specified as conditions to the consent to trade in a location.
6. The Council's Economic Development & Partnerships Service facilitates many community- and Council-run events each year. A number of such events would benefit from access to streets in Waverley which are currently defined as prohibited streets with regard to street trading consents. Such consents are a means of controlling whether traders, including market operators, are permitted to set up in the Borough's public places. They are administered and enforced by the Council's Environmental Health Service.
7. Although there is no current need identified for large numbers of market stalls on a regular basis, and demand for this is presently low, the ability to hold specific events in identified places within defined limits and according to pre-determined guidance would benefit local communities, businesses, the wider population and Waverley Borough Council. Godalming and Farnham Town Councils have raised this issue specifically for events they run. A request from Farnham Town Council for an event in October on a prohibited street has been received.

Proposed Policy

8. Annexe 1 contains the draft policy which was the subject of the consultation process. Annexe 2 contains a working draft Policy which incorporates all changes received through the consultation process; also included are items missing from the initial draft. Any such policy should contain:
 - Some general guidelines about Street Trading in Waverley
 - Notes on the application, determination and appeals processes
 - Information on fees
 - Conditions that may be attached to consents
 - Special conditions relating to community and similar events

- Enforcement
 - Appeals / Review procedures
9. The proposed Policy draws on similar policies from other Local Authorities and reflects current good practice. At the time of writing consultation remains open – the working draft Policy at Annexe 2, incorporates suggested changes from the consultation so far but a final working draft will be presented to this Committee after the consultation period, incorporating all suggested changes. The Committee should then decide which additions, if any, should be omitted. A summary of the consultation feedback, detailing comments received, their origins, etc. will also be available.

Conclusion

10. The final proposed 'Street Trading in Waverley' Policy document (Annexe 2), will provide:
- guidance on the decision making process
 - consistent conditions for consent holders
 - guidance on enforcement, and
 - a structured fees regime
11. It has been open to public consultation with a view to putting final decisions before the Executive on 1 September 2009. The resolutions at this Committee previously were:
1. the draft 'Street Trading in Waverley' Policy and the public consultation be endorsed; and
 2. the Committee receive a report on the consultation with a view to adopting a final Policy including any recommended changes or amendments as appropriate.

Licensing and Regulatory Committee

12. The Committee had previously received a report on this matter and had agreed that there was a need to provide a street trading solution that would enable community and council-run events to take place in key locations in the Borough. A light touch review of Street Trading Controls was agreed to determine a policy that would encourage such events occasionally, but not encourage individual traders in mobile vehicles. This Committee endorsed this approach on 8 June 2009. It had been open to public consultation and the responses had been put before Members.
13. Discussion followed on the notice period required for submission of applications and the Committee considered that, although a certain amount of flexibility was required, sufficient notice of an application should be given and the policy should be amended to reflect this.

14. The Committee noted that legislation did not allow for appeals and grounds for refusal were not required to be given. However, in order to ensure the process was transparent, a sub-committee could be formed to hear from concerned parties.
15. Members were advised by the Council's Solicitor that reasons would need to be given for officer delegated refusals to applications, and should the policy be adopted the Council's Scheme of Delegation would need to be amended.
16. Following discussion the Committee agreed to amendments to the appeals and applications process of the proposed policy.

Recommendation

That the Executive

1. agree to adopt the 'Street Trading in Waverley' Policy as amended; and
2. agree to the amendment of the Council's Scheme of Delegation to Officers.

There are no background papers (as defined by Section 100D(5) of the Local Government Act 1972) relating to this report.

General Guidelines (all cases)

To help deal with applications quickly and to allow applicants to know at an early stage whether their application is likely to be supported Waverley Borough Council has adopted the following policy. The Council aims to provide a clear, consistent service for users.

The aim of the Street Trading in Waverley Policy (the Policy) is to prevent obstruction of the streets of the Borough and ensure the safety of persons using them. In doing so, it recognises the importance of local businesses to the local economy and that occasional, community-run events and those of a similar nature, are important factors in the life of Waverley. The Policy also seeks to ensure that activities do not cause nuisance or annoyance to the people of the area.

This Policy will guide the Council when it considers applications under Schedule 4 of the Local Government (Miscellaneous Provisions) Act 1982. The Council has adopted this legislation and streets have been determined as either 'consent' or 'prohibited' - details of which are contained in Schedule 1 of this Policy. This means that anyone who wishes to trade on a consent street (which includes a street, highway or other area to which the public have access without payment) must hold a street trading consent.

For clarification:

- Land adjacent to the street may also be included according to local circumstances
- There are some exemptions from requiring a consent to trade
- Street Trading is defined as "the selling or exposing or offering for sale of any article (or living thing) in a street"

and any queries regarding the above can be dealt with by the Environmental Health service on a case-by-case basis.

Certain community-run events, charitable events or those of a similar nature are the subject of special provisions in Schedule 2 of the Policy.

Applications

Waverley's Licensing and Regulatory Committee is made up of 12 Members of the Council. Applications for street trading consents are *[delegated to the Head of Environmental Health and Community Safety. Contentious applications will normally be determined by the Committee]*.

The police and fire service and always consulted over any application and a 28-day consultation period is normally allowed. Local ward Councillors and any relevant Portfolio Holder or Committee Chairman will also be notified of an application – public notification will be achieved through the Council's webpages.

In considering any application for the grant or renewal of a street trading consent the following issues will be taken into account before determination *[further details to be added for these sub-headings]*:

Public order
Public nuisance
Public safety
Needs of the area

Renewals – Consents are normally issued for a period of up to one year. Applicants who wish to continue trading should submit renewal applications at least one month prior to expiry of any current Consent. Renewals are normally allowed but further consultations may be needed if there are causes for concern or if the Consent operation has been the subject of complaint.

Decisions

Following the determination of an application the Council will notify the applicant of the decision. Decisions made at Committee will be confirmed in writing and published on the Council's webpages.

Appeals

The governing legislation does not allow for appeals and grounds for refusal need not be given. However, in order to ensure the process is open, fair and transparent Waverley Borough Council will follow a formal appeals procedure on decisions to refuse under delegated powers. A sub-committee will be formed from three Members of the Licensing & regulatory Committee who will hear from concerned parties. The sub-committee will operate in a similar way to a Licensing Panel.

Fees

An annual fee is payable for Street Trading Consents and payment should be made on application. Partial refunds will be at the discretion of the Head of Service should an application be refused and no more than 50% of the fee will be returned in order to contribute to the initial costs and those of any hearing. Fees are renewed annually and published on the Council's website. Fees for Community and similar events will relate to the category of event as determined by the following table

Category 1	Up to 20 traders
Category 2	From 21 to 40 traders
Category 3	From 41 to 60 traders
Category 4	61 traders and above

Conditions

Conditions listed here will relate to operating hours, sites, locations, goods offered, safety, refuse collection, etc. and will be based on nationally used standards.

Community and similar events

At special events the Council will issue one Consent to the person organising the community or similar event. This policy is aimed at promoting and supporting such events and encouraging traders to attend.

The Consent will last for the duration of the special event and may include specific conditions, in addition to Standard Consent Conditions, according to the individual merits of the event.

Community and similar events will normally be organised by a Town or Parish Council, Waverley Borough Council or by a recognised group or charity with aims of engaging with and providing support to the local community. Each special event application will be judged according to its merit and any contentious applications will be determined by the relevant Committee.

Such applications would typically, but not exclusively, include:

Local Charity events

Community fairs and craft events

International markets

Events celebrating local anniversaries

Enforcement

1. The Council's Environmental Health Service and Economic Development & Partnerships Service aim to work closely with other enforcement authorities
2. Obtaining a Consent does not confer the holder immunity in regard to other legislation that may apply, e.g. Public Liability, Health & Safety at Work, Food Hygiene and Safety, Alcohol and Entertainment Licensing, Planning controls, and organisers should ensure all such permissions, etc. are in place.
3. Where street trading activities are conducted without appropriate Consents the Council will look to gather evidence and take appropriate enforcement action in accordance with its Enforcement Policy
4. If the Council feels there is an issue with public order or threat to public safety in any particular instance it will call for assistance from the Surrey Constabulary
5. The Council may call for assistance from appropriate CCTV recordings when dealing with such issues
6. The Council will enforce the provisions of all appropriate legislation and will ask persons causing a nuisance to cease the activity that they are conducting and leave the area.

Review Procedures

This Policy will be reviewed from time to time should changes occur in relevant legislation, the nature of street trading generally or as a result of local considerations within Waverley. In any case, this Policy will be reviewed within five years of adoption or within five years of any major changes resulting from the above.

General Guidelines (all cases)

To help deal with applications quickly and to allow applicants to know at an early stage whether their application is likely to be supported Waverley Borough Council has adopted the following policy. The Council aims to provide a clear, consistent service for users.

The aim of the Street Trading in Waverley Policy (the Policy) is to prevent obstruction of the streets of the Borough and ensure the safety of persons using them. In doing so, it recognises the importance of local businesses to the local economy and that occasional, community-run events and those of a similar nature, are important factors in the life of Waverley. The Policy also seeks to ensure that activities do not cause nuisance or annoyance to the people of the area.

This Policy will guide the Council when it considers applications under Schedule 4 of the Local Government (Miscellaneous Provisions) Act 1982. The Council has adopted this legislation and streets have been determined as either 'consent' or 'prohibited' - details of which are contained in Schedule 1 of this Policy. This means that anyone who wishes to trade on a consent street (which includes a street, highway or other area to which the public have access without payment) must hold a street trading consent. The definition does not include buildings themselves or commercial premises.

For clarification:

- Land adjacent to the street may also be included according to local circumstances
- There are some exemptions from requiring a consent to trade
- Street Trading is defined as "the selling or exposing or offering for sale of any article (or living thing) in a street"

and any queries regarding the above can be dealt with by the Environmental Health service on a case-by-case basis.

Certain community-run events, charitable events or those of a similar nature are the subject of special provisions in Schedule 2 of the Policy.

Schedule 1

Applications

Waverley's Licensing and Regulatory Committee is made up of 12 Members of the Council. Applications for street trading consents that fall within this policy are delegated to the relevant Head of Service. Applications that fall outside this policy or those which attract relevant objections will be determined by the appropriate Licensing & Regulatory (General Purposes) Sub-Committee. A relevant objection is one made by a person, business or body that is likely to be directly affected by a successful application. In addition, the objection must not be vexatious or frivolous and should concern itself only with matters likely to be affected by a successful application. The relevant Head of Service will determine whether an objection is relevant according to its merit and any benefit of doubt will be given to the objector.

The police, highways authority and fire service are always consulted over any application and a 28-day consultation period will normally be allowed. Local ward Councillors, Chambers of Commerce and Town or Parish Councils, together with any relevant Portfolio Holder or Committee Chairman, will also be notified of an application – public notification will be achieved through the Council's webpages.

Where an applicant has not given sufficient notice, consent will not normally be granted unless agreed by the Head of Service, Chief Executive and Chairman of the Licensing & Regulatory Committee on receipt of satisfactory responses from the police, fire and highways authorities.

In considering any application for the grant or renewal of a street trading consent the following issues will be taken into account before determination:

Public order

Whether the street trading activity or activities represent, or are likely to represent, a substantial risk to public order

Public nuisance

Whether the street trading activity or activities represent, or are likely to represent, a substantial risk of nuisance to the public from noise or misbehaviour. Particular regard to this will be had in respect of consents in predominantly residential areas.

Public safety

Whether the location of the street trading activity or activities represent, or are likely to represent, a substantial risk to the public from the point of view of obstruction, fire hazards or unhygienic conditions, or danger that may occur when a trader is accessing the site.

Needs of the area

An applicant for the new grant of a Category 1 street trading consent shall provide a copy of a map or plan showing all streets and other public areas within a radius of half a mile (800 metres) from the proposed location of the site. The map or plan shall be a proper Ordnance Survey map, or of equivalent or similar standard, to a scale of 1:5000. It shall clearly indicate the position of the proposed site and indicate the locations of other street traders and outlets already trading in similar commodities to those proposed for sale. The applicant must deliver notices to traders and premises thus identified and to the nearest six premises (being residential, commercial or otherwise) to the proposed site giving details of the application.

In determining an application the sufficiency of other trading outlets to serve the needs of an area will always be considered. A new consent is unlikely to be granted where it is considered that adequate like provision already exists. For special events falling under schedule 2 of this policy the needs test may be exempted where appropriate.

Renewals – Consents are normally issued for a period of up to one year. Applicants who wish to continue trading should submit renewal applications at least one month prior to expiry of any current Consent. Renewals are normally allowed but further consultations may be needed if there are causes for concern or if the Consent operation has been the subject of complaint.

Decisions

Following the determination of an application the Council will notify the applicant of the decision. Determinations made at Committee will be confirmed in writing and published on the Council's webpages.

Appeals

The governing legislation does not allow for appeals and grounds for refusal need not be given. However, in order to ensure the process is open, fair and transparent Waverley Borough Council will follow a formal appeals procedure. A sub-committee will be formed from three Members of the Licensing & Regulatory Committee who will hear from concerned parties. The sub-committee will operate in a similar way to a Licensing Panel, details of which are in Appendix I.

Fees

An annual fee is payable for Street Trading Consents and payment should be made on application. A partial refund of 50%, should an application be refused, will be made – the remainder to contribute to the initial administration costs and those of any appeal. Fees are reviewed annually and published on the Council's website. Fees for Community and similar events will relate to the category of event as determined by the following table

<u>Category</u>	<u>Description</u>	<u>Fee (£)</u>
1	Sole trader, annual consent	240
2	Schedule 2 event, up to 50 traders, annual consent	60
3	Schedule 2 event, 51 traders or more, annual consent	120
4	Schedule 2 event, up to 50 traders, single consent	50
5	Schedule 2 event, 51 traders or more, single consent	100

Conditions

Consents will carry Standard Consent Conditions in all cases in order to promote public safety and avoid obstructions, nuisance and annoyance. Other conditions may be attached to a Consent and will be relevant to the category of Consent issued and the nature of the local environment. A pool of typical conditions, relating to operating hours, sites, locations, goods offered, safety, refuse collection, etc. is shown at Appendix II. A Consent may also attract conditions in addition to or instead of those found in the pool of conditions according to its individual merit.

Schedule 2

Community and similar events

At such special events the Council will issue one Consent to the person or body organising the community or similar event, either on an annual basis for multi-use sites or on an occasional basis for single-use events. This policy is aimed at promoting and supporting such events and encouraging traders to attend.

The Consent will relate to the duration of the special event and may include specific conditions, in addition to Standard Consent Conditions, according to the individual merits of the event.

Community and similar events will normally be organised by a Town or Parish Council, Waverley Borough Council or by a recognised group or charity with aims of engaging with and providing support to the local community. Each special event application will be judged according to its merit and any applications which fall outside this policy, or those that attract relevant objections (see Schedule 1) will be determined by the relevant Sub-committee.

Special event applications would typically, but not exclusively, include:

- Local Charity events
- Community fairs and craft events
- International markets
- Events celebrating local anniversaries

Enforcement

The Council's Environmental Health Service and Economic Development & Partnerships Service aim to work closely with other enforcement authorities. Obtaining a Consent does not confer the holder immunity in regard to other legislation that may apply, e.g. Public Liability, Health & Safety at Work, Food Hygiene and Safety, Alcohol and Entertainment Licensing, Planning controls, and organisers should ensure all such permissions, etc. are in place.

Where street trading activities are conducted without appropriate Consents the Council will look to gather evidence and take appropriate enforcement action in accordance with its Enforcement Policy.

If the Council feels there is an issue with public order or threat to public safety in any particular instance it will call for assistance from the Surrey Constabulary.

The Council may call for assistance from appropriate CCTV recordings when dealing with such issues.

The Council will enforce the provisions of all appropriate legislation and will ask persons causing a nuisance to cease the activity that they are conducting and leave the area.

Review Procedures

This Policy will be reviewed from time to time should changes occur in relevant legislation, the nature of street trading generally or as a result of local considerations within Waverley. In any case, this Policy will be reviewed within five years of adoption or within five years of any major changes resulting from the above.

Appeals Procedure

The Local Government (Miscellaneous Provisions) Act 1982 does not accord applicants the right of appeal. Refusals or withdrawals of Consent by a Local Authority do not have to be supported by a declaration of reasons. However, Waverley Borough Council recognises the rules of natural justice and that therefore this policy should include an appeals mechanism.

Applications for Consents that fall outside of this policy, or which are the subject of relevant objections, may be dealt with by a hearing held by a Sub-committee consisting of three Members of the Licensing & Regulatory Committee. The hearing will be held on the next suitable scheduled date of the Sub-committee after the closure of the consultation period. Persons dissatisfied thereafter must seek redress by way of Judicial Review. The following procedural rules will be followed at such Sub-committee hearings.
