10 MATTERS ARISING FROM THE FORMAL REVIEW OF THE INTER-AUTHORITY AGREEMENT AND THE COLLABORATION RISK REGISTER (DECEMBER 2022) (Agenda item 4)

The Committee noted that the report responded to the review of the Inter-Authority Agreement at the meeting on 9 December 2022, and

RESOLVED to recommend to Guildford and Waverley Councils that clause 21.1 of the Inter-Authority Agreement be amended to read:

“21 TERMINATION FOR CLAUSE

21.1 Without affecting any other right or remedy available to it, any Party may terminate this Agreement ~~with immediate effect~~ by giving ~~written notice to a minimum of three months' notice in writing~~ to the other Party."

11 COLLABORATION RISK REGISTER REVIEW (Agenda item 5)

The Joint Executive Head of Organisational Development, Robin Taylor, introduced the report and collaboration risk register, which had been updated to reflect the discussion at the 9 December 2022 meeting, updated assessment of scores and updates to mitigations, and proposed target risk scores as at January 2027.

The Committee asked that in future a separate table is provided to show which risks have been changed since the previous report, including by how much and the reason(s) for the change.

The Committee also asked that a timeframe be provided for further planned actions, and a commentary on how planned actions are expected to reduce the risk score to residual score.

The Committee noted that the Head of Finance considered that the financial thresholds for risk impact were appropriate in terms of budgets and reserves of the councils.

During their consideration of the Risk Register, the Committee requested a number of presentational changes to the Risk Register, including:

- Column headings to be repeated on each page.
- More care on use of colour to ensure that the risk register is accessible for all.
- A column to be added to show related risks.

Capacity/Resources & Culture

The Committee discussed the risks relating to the capacity of JMT to manage across both councils (#8), and the impact of low staff morale on turnover with potential loss of knowledge and expertise (#10).

Noted that the Head of Service team was bigger than had previously been in place at Guildford and Waverley, so Heads of Service now had a smaller area of responsibility remit but across two councils. Some of what Heads of Service worked on was common to both councils, whilst some activity would be specific to one or the other council. It would take time to get used to working across two councils and finding a sustainable way of working, but a collaborative environment was not necessarily more stressful than an individual council, depending on the circumstances.

The restructure of the Business Support Team, comprising the Executive and Personal Assistants, to the JMT was almost finalised. The costs of this review had been included in the JMT savings already reported.

Joint working across the councils at the next managerial level down, or at the operational level, would be considered on a case-by-case basis after the elections, once the direction of travel of the collaboration had been confirmed. It was not

intended that joint working would automatically cascade down, and there were considerable challenges to this approach as the councils had different ways of working.

Staff turnover varied by profession, and was impacted by other factors besides the collaboration. The collaboration presented a range of threats and opportunities for staff at all levels and these were recognised and being actively managed.

A joint staff survey had been commissioned via the Health & Safety Executive and the outcomes of that were awaited. Joint Governance Committee at September 2023 meeting to consider outcomes of the HSE Staff Survey.

Agreed that the Residual likelihood and impact of **#22 (risk that employees will become increasingly anxious)** should both increase by 1 ie Likelihood goes from 2 (Very Low) to 3 (Low) and Impact goes from 2 (Small) to 3 (Critical).

Financial

Agreed that the Residual likelihood and impact of **#13 (risk that expected savings, beyond that of the JMT, cannot be realised at one or both councils)** should both increase by 1 ie Likelihood goes from 3 (Low) to 4 (Medium) and Impact goes from 3 (Critical) to 4 (Devastating).

In response to a question from Cllr Witham regarding the costs incurred in implementing the JMT, the Committee agreed that it was important to be transparent about the gross and net savings.

Agreed that the Residual likelihood of **#14 (risk of costs of collaboration are prohibitively high)** should increase from 2 (Very Low) to 3 (Low).

Governance

A number of the risks had the mitigation "Achieve political direction across both councils on single officer structure." The Committee felt there needed to be a common understanding of what this meant for the councils as individual councillors had interpreted it in different ways.

Noted that without a single officer structure the progress of the partnership would be limited.

It would be important to brief the new councils following the election so that all councillors were clear about the nature of the collaboration. There would need to be a re-set of the partnership and its direction of travel after the elections in light of the aspirations of the new administrations, including consideration of the need for further joint committees or sub-committees

September 2023 meeting to consider how new arrangements are being scrutinised and whether additional joint committees might be needed.

Systems

The Committee discussed risks related to IT systems and the cost and complexity of aligning systems to enable closer collaboration. Both councils had very complex IT architectures that had grown organically, and were costly to maintain. There was

an opportunity to have a better structure in the future that would be less costly, but the journey would be extremely complex. An ICT Strategy Board was being set up to address these issues, and proposals would come forward as discrete business cases as these were identified.

The Committee considered that both #17 and #27 should have a Residual Risk of High, and that false optimism about IT risks should be avoided.

Noted that a Service Review and Budget Challenge was underway at Guildford and the same process would follow at Waverley and these would consider each service in the context of budget, HR and IT systems needed to support service delivery.

The Committee concluded its discussions, and agreed that officers make the further revisions to the Collaboration Risk Register identified during the meeting for the next review in September 2023.

12 DATE OF NEXT MEETING (Agenda item 6)

Noted that the next scheduled meeting would take place on Friday 22 September 2023 at 10.00am, at Guildford Borough Council Offices, Millmead.

The meeting commenced at 10.00 am and concluded at 11.15 am

Collaboration Risk Register Review

1. Executive Summary

- 1.1 This report presents the collaboration risk register for its six-monthly review by the Joint Governance Committee (the Committee). The register was last presented to the Committee in March 2023. Since then, it has been updated by officers, including the assessment of scores and updates to mitigations.

2. Recommendation to Committee

1. That the Committee reviews the collaboration risk register and the changes to the risk ratings suggested by officers and agrees any further changes.
2. That the Committee ask officers to undertake a comprehensive review of the register, including risks; mitigations and scoring, with a view to making it more succinct and focused on the key threats to success of the collaboration.

3. Reason(s) for Recommendation:

- 3.1 The Committee's role is to undertake a formal review of the risk register and make any changes.
- 3.2 Over time the register has grown and become more detailed in terms of mitigations. Whilst officers are happy to provide detail on the work going on to mitigate risks, the document has become onerous to manage and would benefit from a significant refresh.

4. Exemption from publication

- 4.1 No

5. Purpose of Report

- 5.1 The purpose of this report is to present the most up to date version of the collaboration risk register in order for the Joint Governance Committee (the Committee) to fulfil its function to:
 - undertake a six-monthly formal review of the collaboration risk assessment
 - review current and target impact and likelihood scores
 - make any changes to the list of risks and mitigating actions.

6. Strategic Priorities

- 6.1 The collaboration between Guildford and Waverley Borough Councils will enable both Councils to better deliver their strategic priorities by achieving financial savings and making our services more sustainable. Effective risk management is vital to achieving the objectives of the collaboration and therefore supporting both councils to deliver their strategic priorities.

7. Background

- 7.1 In July 2021 both Guildford Borough Council and Waverley Borough Council agreed to explore collaboration beyond a joint management team. An initial analysis of strategic risks related to the collaboration was developed into a collaboration risk register. Since its review by this Committee in March 2023, the risk register has been updated by officers and is presented alongside this report for review by the Committee.
- 7.2 It is important to remember not all risks are able to be fully mitigated, sometimes due to external influences and other times due to level of impact if the risk were to materialise, regardless of likelihood. For some risks the likelihood may be low or very low but the impact will remain high regardless of mitigating action. The scoring of the risk will therefore remain high, despite it being unlikely.

8. Consultations

- 8.1 The risk register is presented in this report following its review and updating by the Strategic Director for Transformation and Governance, Executive Head of Organisational Development, Business Transformation Manager (WBC) and Graduate Management Trainee (WBC).

- 8.2 The risk register was presented to Joint Management Team (JMT) 6 September 2023 and Corporate Management Team (CMB) 19 September 2023.

9. Key Risks

- 9.1 There is a risk that the register will not be monitored by all appropriate stakeholders should the Committee fail to fulfil its function of reviewing the register on a six-monthly basis.
- 9.2 Officers continue to monitor the risks and mitigations within the register as the collaboration progresses. Ownership of the register currently sits with CMB, providing responsive reaction to developments and proactive mitigations to reduce risks, including any resources that may need to be assigned.

10. Financial Implications

- 10.1 The financial risks to the collaboration and actions to mitigate these risks are listed in the register (appendix 1).
- 10.2 Some of the further mitigations in appendix 1 will require financial investment. Requests for funding will be submitted where budget or resource is required beyond current provision.
- 10.3 Business cases for specific collaboration projects will provide detail on costs and savings through the financial business case.

11. Legal Implications

- 11.1 There are no direct legal implications arising from this report.

12. Human Resource Implications

- 12.1 The HR risks to the collaboration and actions to mitigate these are listed in the register (Appendix 1)

13. Equality and Diversity Implications

13.1 This duty has been considered in the context of this report and it has been concluded that there are no equality and diversity implications arising directly from this report.

14. Climate Change/Sustainability Implications

14.1 One of the objectives of the collaboration and partnership is to better enable both councils to achieve their carbon neutrality targets. Working closely together across the two boroughs, Guildford and Waverley Borough Councils have enhanced opportunities to deliver their carbon neutrality goals.

14.2 This report and appendix 1 have no direct climate change implications.

15. Summary of Options

15.1 The Committee is asked to review the risk register attached at appendix 1 and agree any changes.

Ongoing: clear communication with councillors and the public throughout the partnership (comms plan being drafted); cost and savings apportionment set out within business cases	Joint Management Team	Avoid pursuing prohibitively expensive projects. Sensitivity analysis on estimates. Councillor involvement in working groups to look at each service/business case. Identify and include transition costs in business cases as they are developed. A programme of policy harmonisation and standardisation wherever possible, recognising that this huge task will take time. 6. Strategic Priorities

6.1 The work of the Joint Governance Committee is to ensure both Guildford and Waverley Borough Councils adopt and exercise robust governance arrangements for inter-authority working. And as such assist in the delivery of both Guildford and Waverley Council's Corporate Plan priorities.

7. Background

7.1 The Joint Governance Committee was created in April 2022 by resolutions of both Council's following the Inter Authority Agreement Joint Working Group's consideration of and approval of the IAA Heads of Terms. The agreement was formally executed and sealed by both Councils in September 2022 under the delegated authority of Guildford's Lead Legal Specialist and Waverley's Borough Solicitor.

7.2 The first IAA is in respect of the joint management team (JMT). The JMT structure was implemented on 1st October 2022 and comprises

the Joint Chief Executive, three Joint Strategic Directors and twelve Joint Executive Heads of Service including the statutory roles of s.151 officer and Monitoring Officer.

- 7.3 The Joint Governance Committee have formally met on two occasions since it was established. On the 9 December 2022 where the Committee suggested an amendment to clause 21 of the JMT IAA; and on the 17 March 2023 where a formal recommendation was agreed to change clause 21. At both meetings it was the view of Officers' that the JMT IAA remained fit for purpose at the stage of the collaboration.

8. Equality and Diversity Implications

- 8.1 The Joint Governance Committee will be responsible for having due regard to the requirements of the Public Sector Equality Duty (Equality Act 2010) when making any recommendations concerning governance arrangements.

9. Financial Implications
