The contents of this report relate only to the matters which have come to our attention, which we believe need to be reported to you as part of our audit process. It is not a comprehensive record of all the relevant matters, which may be subject to change, and in particular we cannot be held responsible to you for reporting all of the risks which may affect your business or any weaknesses in your internal controls. This report has been prepared solely for your benefit and should not be quoted in whole or in part without our prior written consent. We do not accept any responsibility for any loss occasioned to any third party acting, or refraining from acting on the basis of the content of this report, as this report was not prepared for, nor intended for, any other purpose.

Progress at 8 June 2016

 **Progress against plan**
On track

 **Opinion and VfM conclusion**
Plan to give before deadline of 30 September 2016

 **Outputs delivered**
Fee letter, Progress Reports, delivered to plan

2015/16 work	Completed	Comments
<p>Fee Letter We issued the 'Planned fee letter for 2015/16 in April 2016.</p>	April 2016	We have also recently issued the fee letter for 2016/17, with no change to the fee proposed.
<p>Accounts Audit Plan We are required to issue a detailed accounts audit plan to the Council setting out our proposed approach in order to give an opinion on the Council's 2015-16 financial statements.</p> <p>We also inform you of any subsequent changes to our audit approach.</p>	March 2016	This was presented to the Audit Committee in March 2016.
<p>Interim accounts audit Our interim fieldwork visit includes:</p> <ul style="list-style-type: none"> • updating our review of the Council's control environment • updating our understanding of financial systems • review of Internal Audit reports on core financial systems • early work on emerging accounting issues • early substantive testing 	March 2016	<p>Interim audit findings for the work completed to date were reported to members at the Audit Committee in March 2016.</p> <p>As part of our formal communication between auditors and the Council's Audit Committee, as 'those charged with governance' we prepare a specific report which covers some important areas of the auditor risk assessment where we are required to make inquiries of management and the Audit Committee under auditing standards. We have received responses from the Chair of the Audit Committee.</p>

Value for Money

Background

The Local Audit & Accountability Act 2014 ('the Act') and the NAO Code of Audit Practice ('the Code') require us to issue a conclusion on whether the Council has put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources. This is known as the Value for Money (VfM) conclusion.

The National Audit Office (NAO) issued its guidance for auditors on value for money work in November 2015.

The Act and the NAO guidance state that auditors are only required to report by exception where they are not satisfied that NHS bodies have proper arrangements in place to secure value for money. However, we are required to carry out sufficient work to satisfy ourselves that proper arrangements are in place at the Council.

The guidance identifies one single criterion for auditors to evaluate:

In all significant respects, the audited body had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people.

This is supported by three sub-criteria as set out in the table to the right.

Risk assessment

We completed an initial risk assessment based on the NAO's guidance. In our initial risk assessment, we considered:

- our cumulative knowledge of the Council, including work performed in previous years in respect of the VfM conclusion and the opinion on the financial statements
- illustrative significant risks identified and communicated by the NAO in its Supporting Information
- any other evidence which we consider necessary to conclude on your arrangements

Sub-criteria	Detail
Informed decision making	<ul style="list-style-type: none"> • Acting in the public interest, through demonstrating and applying the principles and values of good governance • Understanding and using appropriate cost and performance information to support informed decision making and performance management • Reliable and timely financial reporting that supports the delivery of strategic priorities • Managing risks effectively and maintaining a sound system of internal control.
Sustainable resource deployment	<ul style="list-style-type: none"> • Planning finances effectively to support the sustainable delivery of strategic priorities and maintain statutory functions • Managing assets effectively to support the delivery of strategic priorities • Planning, organising and developing the workforce effectively to deliver strategic priorities.
Working with partners and other third parties	<ul style="list-style-type: none"> • Working with third parties effectively to deliver strategic priorities • Commissioning services effectively to support the delivery of strategic priorities • Procuring supplies and services effectively to support the delivery of strategic priorities.

We have identified significant risks which we are required to communicate to you. The NAO's Code of Audit Practice defines 'significant' as follows:

A matter is significant if, in the auditor's professional view, it is reasonable to conclude that the matter would be of interest to the audited body or the wider public. Significance has both qualitative and quantitative aspects.

Value for money

We set out below the significant risks we have identified as a result of our initial risk assessment and the work we propose to address these risks.

Significant risk	Link to sub-criteria	Work proposed to address
Financial position – the Council has set a balanced budget for 2016/17. However, going forward the financial projections for the general fund show a cumulative £3m shortfall for 2017/18-2019/20. Housing Revenue Account capital resources are sufficient to finance 2016/17 and 2017/18 spending plans but a shortfall needs to be addressed from 2018/19 onwards. A fundamental finance review is required to ensure that the Council is able to meet its budgetary requirements in future years.	This links to the Council's arrangements for planning finances effectively to support the sustainable delivery of strategic priorities and using appropriate cost and performance information to support informed decision making. We will also review the Council's arrangements for: commissioning services; procuring supplies/services; and managing assets effectively to support the delivery of strategic priorities.	<p>We propose to meet with key officers to discuss key strategic challenges and the Council's proposed response and consider reports to members to:</p> <ul style="list-style-type: none"> • review the outturn position for 15/16 and the budget plans for 16/17 and 17/18 • review the Council's progress in updating its medium term financial strategy • review how the Council works collaboratively with partners to deliver functions and services • review how the Council is making the best use of its asset base
Local Plan – the drafting of the Local Plan is progressing and due to be submitted in November 2016. If this deadline is missed there is a risk that Government could take over the Council's Local Plan and the Council could also be open to hostile developments in the Borough.	This links to the Council's arrangements for acting in the public interest, through demonstrating and applying the principles and values of good governance, and working with third parties to effectively support the delivery of strategic priorities.	<p>We will discuss with key officers and review reports to consider:</p> <ul style="list-style-type: none"> • what progress is being made to produce and submit the Local Plan • impact of Local Plan not being approved before the end of 2016
Brightwells Development – following special Executive and Council meetings on 24 May 2016 the development has moved to its next phase. This is a high profile development for the Council with the ambition of providing benefits to the Council and residents of Farnham. The Council needs to ensure that arrangements are in place for the effective monitoring and governance of the development.	This links to the Council's arrangements for working effectively with third parties to deliver strategic priorities, managing risks effectively and maintaining a sound system of internal control.	We will consider the Council's arrangements to monitor the performance and governance of this project and how it continues to assess whether development contributes to the effective delivery of its strategic objectives, through discussion with officers and review of key documents.

Better Together: Building a successful joint venture company

Local government is evolving as it looks for ways to protect front-line services. These changes are picking up pace as more councils introduce alternative delivery models to generate additional income and savings.

'Better together' is the next report in our series looking at alternative delivery models and focuses on the key areas to consider when deciding to set up a joint venture (JV), setting it up and making it successful.

JVs have been in use for many years in local government and remain a common means of delivering services differently. This report draws on our research across a range of JVs to provide inspiring ideas from those that have been a success and the lessons learnt from those that have encountered challenges.

Key findings from the report:

- JVs continue to be a viable option – Where they have been successful they have supported councils to improve service delivery, reduce costs, bring investment and expertise and generate income
- There is reason to be cautious – Our research found a number of JVs between public and private bodies had mixed success in achieving outcomes for councils
- There is a new breed of JVs between public sector bodies – These JVs can be more successful at working and staying together. There are an increasing number being set up between councils and wholly-owned commercial subsidiaries that can provide both the commercialism required and the understanding of the public sector culture.

Our report, Better Together: Building a successful joint venture company, can be downloaded from our website: <http://www.grantthornton.co.uk/en/insights/building-a-successful-joint-venture-company/>

Knowing the Ropes – Audit Committee Effectiveness Review

Grant Thornton reports

We have published our first cross-sector review of Audit Committee effectiveness encompassing the corporate, not for profit and public sectors.

It provides insight into the ways in which audit committees can create an effective role within an organisation’s governance structure and understand how they are perceived more widely. The report is structured into four key issues:

- What is the status of the audit committee within the organisation?
- How should the audit committee be organised and operated?
- What skills and qualities are required in the audit committee members?
- How should the effectiveness of the audit committee be evaluated?

The detailed report is available here

<http://www.grantthornton.co.uk/en/insights/knowning-the-ropes--audit-committee-effectiveness-review-2015/>

Size: 3-5 members is an ideal size for an audit committee

Frequency: meetings should be regular and the length should adapt to content

Relevance: audit committee members should be selected based on the skills and experience they bring

Communication: papers should strike the balance between detail and length

Ability: training should be provided for audit committee members

Clarity: the role of the audit committee and its relationship with other committees, should be clearly defined

Evolution: audit committees should continually develop

The two key things that audit committee members should be asking are:

- 1** What is expected of the audit committee and does it reflect the specific nature of the industry in which the organisation sits?
- 2** Does the audit committee have clear terms of reference in place? Audit committees should set themselves targets for what they want to achieve and define how these will be measured to ensure they are operating effectively.

Fighting Fraud and Corruption Locally

CIPFA publication

Fighting Fraud and Corruption Locally is a strategy for English local authorities that is the result of collaboration by local authorities and key stakeholders from across the counter fraud landscape .

This strategy is the result of an intensive period of research, surveys, face-to-face meetings and workshops. Local authorities have spoken openly about risks, barriers and what they feel is required to help them improve and continue the fight against fraud and to tackle corruption locally.

Local authorities face a significant fraud challenge. Fraud costs local authorities an estimated £2.1bn a year. In addition to the scale of losses, there are further challenges arising from changes in the wider public sector landscape including budget reductions, service remodelling and integration, and government policy changes. Local authorities will need to work with new agencies in a new national counter fraud landscape.

The strategy:

- calls upon local authorities to continue to tackle fraud with the dedication they have shown so far and to step up the fight against fraud in a challenging and rapidly changing environment
- illustrates the financial benefits that can accrue from fighting fraud more effectively
- calls upon central government to promote counter fraud activity in local authorities by ensuring the right further financial incentives are in place and helping them break down barriers to improvement
- updates and builds upon Fighting Fraud Locally 2011 in the light of developments such as The Serious and Organised Crime Strategy and the first UK Anti-Corruption Plan
- sets out a new strategic approach that is designed to feed into other areas of counter fraud and corruption work and support and strengthen the ability of the wider public sector to protect itself from the harm that fraud can cause.

The strategy can be downloaded from
