RESPECTED Sir/Madam

With due respect it is stated that my name is Mr KESHAR KHAN and I passed my Hackney Badge for Waverley Borough Council in 2014 October. I got a car of Reg. No. WM59 USE and I want to get Taxi Plate on it. I got registration of the above car in 2010 February And according to Waverley Borough car should be only 4 years old when applied for a Taxi Plate at first time.

Now I request u if it can consider my above car as I bought this car in 2010 and apply for Waverley Badge in 2011 but some family reasons it got delayed and I finally got my Badge in 2014. I already spend £10,000 on this car and I got 4 kids so cant afford another car straight away. This car got very low mileage on it and looked after very well since 2010 I bought it. Please if u consider my above car for Taxi Plate I would be much appreciated and can do some work to earn money for my kids.

REGARDS

KESHAR KHAN
