Dear sir With reference the application 'New Fangled' 15 Junction Place Haslemere for an alcohol licence. I feel this is wholly out of place to an area historically small retail shops and businesses, some like mine owner occupied, operating with one exception, at normal business hours. 8am to 10pm opening, seven days a week is totally out of keeping with the area, and will in my opinion, impact unfavourably on all properties in the locality. I would like to remind you of the historical aspect of alcohol related incidents in and around Junction Place. Always an area with a problem, in the worst recent period 2007-2009 for example, for a three month period from February to April 2008, there were five serious incidents [Police Nos c/08/2832, c/08/3554, wv/08/25, wv/08/137 and wv/08/904. Resulting in criminal damage and theft, totalling thousands of pounds and considerable stress for those affected. Only a new police Inspector with zero tolerance to alcohol related crime and public order offences brought about an end to this low point in the lives of local residents and businesses. I for one do not wish to see a return those times and feel the issue of the said licence would undoubtedly cause this to happen. Yours faithfully
