

APPENDIX 3

PROPOSED POLICIES FOR ADMINISTERING THE CIL CHARGE, INCLUDING PHASING AND CIL-IN-KIND

Please note that the policies below are indicative only and will be confirmed at a later date, along with further details.

Where outline planning permission permits development to be implemented in phases, each phase of the development, as agreed by Waverley Borough Council, will be treated as a separate chargeable development.

In accordance with Regulation 73 of the CIL Regulations, the Council may support the payment of part of a CIL liability in the form of one or more land payments. This will be subject to the following conditions:

- The Council must be satisfied that the land to be transferred would be appropriate for the provision of necessary infrastructure to support growth in the Borough. It is entirely at the Council's discretion as to whether to accept a land transfer in lieu of CIL.
- Transfers of land as payment in kind in lieu of CIL will only take place in exceptional circumstances and is in addition to any transfer of land which may be required via section 106 agreements.
- The chargeable development must not have commenced before a written agreement with the Council to pay part of the CIL amount in land has been made. This agreement must state the value of the land to be transferred. The person transferring the land to the charging authority as payment must have assumed liability to pay CIL and completed the relevant CIL forms.
- The land to be transferred must be valued by a suitably qualified and experienced independent person as agreed with the Council. The valuation must represent a fair market price for the land on the day that it is valued and reflect the relevant purposes for which the land will be utilised.
- The land, subject to the transfer, must be free from any interest in land and encumbrance to the land, buildings or structures.
- The land, subject to the transfer, must be fit for a relevant purpose being the provision of necessary infrastructure to support growth in the Borough.
- The Council may transfer the land, at no cost, to a third party for the provision of infrastructure.
