Subject: Tesco Ridgway Farnham

Dear Licensing,

As ward borough councillor I have concerns regarding the extension of alcohol sale and extended hours for Tesco Express in Farnham Ridgway.

I have been contacted several times over the last two years with complaints and concerns in regards to these main areas from local residents:-

- Tesco deliveries are not sympathetic to local traffic and school runs. The hours will increase delivery and the lorries continuously Park on restricted double yellow lines thus causing unsafe local driving conditions and for pedestrians. The increase in hours will make this situation worse. The store currently makes no effort to reduce delivery disruption nor park lorries legally.
- The increase in alcohol licence times and opening hours will contribute further to anti-social alcohol related behaviour that happens as a result of the sale of alcohol there.
- There is litter concerns locally and the extra licence provisions will attribute to this further.
- There is a local wine merchant alcohol shop and the variation of licence will take away other local independent business.

Local residents feel that the current provision is satisfactory and these changes are unnecessary and will have a detrimental affect to the local area and amenities.

Many thanks,

CLLR Sam Pritchard
Farnham Firgrove

Address: Tesco Express, 29-31 Ridgway Road, Farnham, Surrey, GU9 8NN

Please check above worksheet for representation received online

I wish to object to the extension of opening hours to 11.00pm of the Tesco Ridgway Road store. We suffer from noise disturbance at night from traffic parking up and people gathering outside Tesco, especially during summer. In my view this will be exacerbated by the later opening hours.
