

## Allocation of Seats and Proportionality

Seats are allocated with the following calculation:

*councillors in political group ÷ total number of councillors × seats on committee = allocation of seats (rounded to nearest whole number)*

Table 1a.

Total number of councillors: 57 (includes vacancies)	Total seats available	Conservative Group allocation @87.72	Farnham Residents allocation @10.53%	Lib Dem allocation @ 1.75%	Vacant seats NIL	Total seats under % allocation
Unadjusted aggregate allocation	88	77.19	9.27	1.54		88
Rounded to nearest whole number	88	77	9	2		88
<b>Adjusted aggregate allocation</b>	<b>88</b>	<b>77</b>	<b>9</b>	<b>2</b>		<b>88</b>

Table 1b.

Committees	Total seats available	Conservative Group allocation @ 87.72%	Farnham Residents allocation @10.53	Lib Dem allocation @ 1.75%	Vacant seats NIL	Total seats under % allocation
VFM & Customer Service O&S*	9	8	1	0		9
Community Wellbeing O&S	9	8	1	0		9
Environment O&S	9	8	1	0		9
Housing O&S*	9	7	1	1		9
Licensing & Regulatory	12	11	1	0		12
Audit Committee	8	7	1	0		8
Joint Planning* Committee	23	20	2	1		23
Standards* Committee	9	8	1	0		9
<b>Total number of seats</b>	<b>88</b>	<b>77</b>	<b>9</b>	<b>2</b>		<b>88</b>
