To extend the license hours will create more public nuisance, ie noise. We are already subjected to noise and overlooking. persons sitting on the wall, looking down on us and compromising our privacy. To allow all the activities to take place outside is bound to cause public nuisance. We also have a public safety issue as we have had glasses and bottles thrown into our garden, from above. Extremely dangerous. There is an accident waiting to happen with someone falling off the wall in a drunken state.

We object strongly to this application to extend the permitted hours for Activities, Late night refreshment, Alcohol on sales, Opening Hours (on Premises), Live Music, Recorded Music, Dance. There is currently significant annoyance from noise experienced by neighbouring residences who have also experienced bottles and glasses thrown in garden suggesting a lack of control of events by organisers. In a residential area this increase in hours of current licence should not be permitted and greater control should be exercised during current permitted hours.

Dear Kate

Farnham Town Council's Planning & Licensing Group considered the new premises licence for Farnham Castle and made the following comments:

New
Farnham Castle, Castle Street, Farnham, GU9 0AG
Compass Group UK & Ireland Ltd

To prevent nuisance, Live Music and Recorded Music to be limited to indoors only after 23.00.

Farnham Town Council has received complaints regarding the use of fireworks at Farnham Castle, although not part of this application, it is requested that permission not be granted for fireworks being use due to the risk of fire of the Listed Ancient Monument and the nuisance caused by the noise of the fireworks.

Please let me know if you need any further information.

Kind regards
Jenny

An application has been made to extend licensing hours at the castle. The applicant is now calling for a licence from 10.00 am until 02.00 am the following morning. Friends of mine live immediately below the castle terrace and already suffer considerable nuisance from guests at the castle.

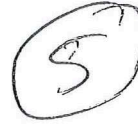

It is now common for glasses and bottles to be thrown over the terrace wall into their garden. That is quite unacceptable

There are other residents in Castle Street and Castle Hill who receive noise disturbance and I urge that the relevant committee rejects this and any further applications.

An application has been made to extend the licensing hours at Farnham Castle. The extension asked for is from 10.00 am until 2.00 am. The Residents of Castle Hill and Castle Street will be disturbed late at night. Noise reverberates around and down the hill in the quiet hours of the night. I urge you to reject this application.

Subject: RE: NOTICE OF HEARING - LICENSING ACT 2003 - APPLICATION FOR A NEW PREMISES LICENCE FOR FARNHAM CASTLE, CASTLE STREET, FARNHAM, SURREY, GU9 0AG

My objections to the licensing application are on noise.

The wedding business is, I believe, a very large operation of hundreds of weddings a year. The Castle is adjacent to many residential houses and some animal husbandry establishments

I object to any external noise after 8pm.

This objection is particularly to fireworks which should not be allowed at all other than November 5th so close to so many houses.

Yours sincerely

Dear

Thank you for your email. Please could you expand your objection in relation to this application, e.g. how the current licence has affected you and what parts of the application you would possibly like amended. Many thanks.

Regards

Subject: FARNHAM CASTLE EXTENDED HOURS APPLICATION

For the attention of Licensing

I have received representations from a number of local residents regarding the current application to extend hours of activities to 0200 hours and general opening hours to 0230 at Farnham Castle on grounds that if granted there would be increased public nuisance for local residents, increased threat to public safety and potential increased crime and disorder. Against this background this application deserves to be considered and determined at a public inquiry at which local residents would have their opportunity to express their concerns. I would, therefore, be grateful if arrangements could please be made to hold a public inquiry into this particular application at which I would also like to express my concerns.

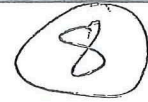

I would be grateful if you could please acknowledge receipt of this e mail.

Cllr David Beaman
Waverley Borough and Farnham Town Council - Farnham Castle Ward
Chair - South West Surrey Disability Empowerment Network

Subject: License Application - Centre for International Briefing - Farnham Castle - GU9 0AG

[** This email originates from an external source **]

We strongly object to the proposed hours of licensing, which are excessive and will have a material adverse effect upon a large number of residents and their amenity. Particularly if they live in very close proximity to the Castle.

We note that the current licensing hours in respect of the Centre for International Briefing (Compass Group Farnham Castle) although late, are licensed indoors. The new application is asking for outdoor, DJ/dance, musical entertainment, supply of hot food and alcohol until 2pm potentially everyday of the week. Our greatest concern is the level of noise and disruption residents will suffer every night of the week, particularly in the Summer.

Castle Street has a large number of residential occupants and this venue is located in the heart of a conservation area. Residents are very sensitive to noise, particularly at night when there is limited background noise. You might want to enquire with your colleagues in environmental health, who have received many resident objections in the past.

I would be grateful if you could give careful consideration to residents concerns.

Castle Street Resident
