

## THE ROYAL ARMS – SUPPORT

### Support 1

Having read through the variations to the license for the above premises we would like to endorse that the variations be allowed to go through.

Both myself and my wife have regularly used the facility for a great number of years and have missed some of the events that used to be held at the venue. It is our and many local peoples community hub where some people who live by themselves can catch up with what is happening in the area and we could also make sure they were well as sometimes this was the only time that we would see them.

We have been impressed with the way Jon-Paul and his team have risen to the requirements during the pandemic to make the premises Covid safe and see no reason that this would not be the same when making more use of the garden area and as time allows going forward this would also apply to the inside of the premises. I am sure this would be something that the local community will take advantage of as they did before when it was allowed.

## Support 4

For us as a family we have been going to the royal arms pub for a very long time mainly because we love the space in the garden areas.

It's a great place to take your children along as there is a lovely park on site for them to play on it's the most kid friendly pub we have been an taken children.

long with having some amazing lunch or dinner they always go above an beyond.

Through these hard covid times they managed it so well with one way systems table service etc the staff was incredible we felt very safe visiting here when they was able to open.

It's an incredible ideal for the landlord wanting to make the pub garden even better place during these times having a nice place to be outside is very important for people to be safe but enjoy abit of normality at the same time.

I'm all on there side for them to do great improvements.

## **Support 5**

The royal arms pub is a real hub of the community one of the very last traditional pubs around.

We as a family find this a very safe and welcoming environment for our children it really is a fantastic family pub.

The Royal arm's has such a sociable and welcoming feel and JP Stubbings and all staff are very warm and welcoming and we have enjoyed nothing more then taking our 2 small boys to the royal arms of an evening for a meal as the food there is not only very good value for money but very tasty and I would highly recommend the royal arms pub whether its a meal out with the family or a night out with your friends.

## **Support 6**

We are writing in relation to the recommendation for the Royal Arms license to be adjusted to allow them to work further during Covid restrictions. We believe they should be given said license to give them the needed freedom to allow them to work effectively in the coming months. The reasons we believe this should happen are as follows:

- The Royal Arms is a pub that caters for a variety of people e.g. children, families, young people, and the elderly – it is a pub at the centre of its community that has a brilliant reputation.
- The Royal Arms has worked efficiently throughout the Covid restrictions and the service has been outstanding, ensuring safety is kept but still ensuring there is still a fun, positive atmosphere.
- Many rely on The Royal Arms for a safe place to relax and unwind.
- The Royal Arms has a vast number of regular customers who work with the team to ensure the rules are kept to.
- The Royal Arms garden is a perfect outside space that has been used to ensure many customers can enjoy themselves on a regular basis – including children who use the play area.
- It has a prime location that is situated between two busy towns – it has a great location to allow you to visit at any time.

On a personal note, we very much enjoy spending time at The Royal Arms and we spend most weekends there. We feel confident and safe the team keep to Covid restrictions but still ensure there is a fun atmosphere whilst keeping the personal touch we all love. The team are brilliant, and the customers love spending their free time in the pub. It was the first pub we visited after lockdown and we are looking forward to our next visit!

## **Support 7**

I am writing to you today to inform you of what an outstanding owner Mr Stubbings is of the royal arms in Farnham. He truly does go above and beyond for his customers.

I think the licensing would truly benefit the royal arms and its customers. I thoroughly enjoy visits to the royal arms and think it would be fantastic for Mr Stubbings to continue his renovations and improvements.

All staff at the royal arms are very friendly and have worked extremely hard making the pub/restaurant covid safe. The food is delicious and of a very high standard. There is also a great variety of alcoholic drinks.

Mr Stubbings does a wonderful job of managing things and i feel it is a nice place to visit. I am looking forward to returning to the royal arms when the lock down is lifted.

## **Support 8**

I am supporting the application, my family and I love coming to the pub. We live very close and regularly visit the pub.

The large garden is brilliant, loads of space, lots for the children to do. Staff are great and always offer table service both inside and out.

JP spent the first lockdown doing lots of work to the pub to make it even better for everyone, putting lots of things in place to make it Covid safe despite his restrictions. The only thing that would make it better would be to be able to have the windows open and full use of the garden, especially during this current time when being outside is considered safer and having good ventilation and air flow throughout the inside is always nicer, more so as it gets warmer.

It makes sense to be able to utilise all of the space available at the pub rather than it being unused and wasted.

The garden is a great area perfect for lots of people to enjoy and should be able to be used as much as possible.

It's a great pub and very well run, JP will always go above and beyond to accommodate the customers the best he can.

## **Support 9**

I love The Royal Arms, it's such a lovely environment, especially the big garden that is available, I love running about with my nieces and nephews in it, as it's so big there's loads of room for it.

It's a brilliant pub

## **Support 10**

I would like to make a comment on the licensing of the Royal Arms.

Myself and my husband have used this pub for many years by our selves and also with our grandchildren who love the garden and the family atmosphere, excellent food extremely friendly landlord and staff nothing is to much for them

---

## **Support 11**

I am writing to offer my support to the application of the lifting of the restrictions placed on the Royal Arms, Rd Gu9 9ax. They have put so much work into improving the pub to make it COVID friendly that it seems only fair to give them a chance. All pubs are finding it difficult and need the backing of everybody. I personally will only feel safe eating and drinking outside this year and it seems utter madness that they will be unable to open window in the evening, when gov guidelines are bound to state all doors and windows must be open.

I hope you understands and support all their efforts to make the surrounds safe for their customers.

---

## **Support 12**

I'd like to say that the Royal arms is a lovely pub, i enjoyed many days there during the eat out to help out scheme. All staff are lovely and welcoming. The outdoor garden is lovely in summer to be outside whilst the kids are playing. It's a very large area with many activities to keep the kids occupied.

## **Support 13**

I'd like to say that i love taking my grandchildren to the royal arms. They love playing around in the large garden with the trampoline, bouncy castle and out door play area. I especially like it due to them getting all the energy out of them so they are warn out. I spent many hours over the past few years at the royal arms and have made good friends with other customers. JP is always very happy, full of energy and very welcoming to everyone.
