Hi Kate

I would not object to a 'drinking up' time for those already outside but the Hop Blossom is right in the middle of a

residential area and in the summer months, when everyone has open windows, noise carrying on until 10.00 pm

might be too late. It is problematic and I have sympathy with the publican as the limited space in the premises itself

combined with Covid restrictions have meant that outside eating and drinking have been the preferred options but

the proximity of the housing does make a difference. I would object to this as it stands.

I do not support this application, the Hop Blossom is close to residential housing and on a well-used pathway

between the Waitrose car park and Castle Street. Outside space is limited, so likely that drinkers will spill over onto

the public highway and pathways.

Thank you for this Penny. I had a thought that this might be the case and was waiting for a Farnham member to confirm.

It is so sad that Covid restrictions are having such a long reaching effect upon all our lives; I have every sympathy too with our businesses in the Borough.

I confirm that I too have concerns if this is, as Penny says, is in the middle of a residential area.

Dear Kate,

Reading other members observations which are well made, I would add that realistically the Hop Blossom, being

located at the bottom end corner of Long Garden Walk, any noise generated by customers will be limited to the

bottom one or two houses - so I wouldn't describe it as being in the middle of a residential area but on the edge.

The applicant is asking for drinking-up time to be till 22.00 hrs which a local colleague considers too late.

May I suggest a compromise of no glasses or bottles to be taken outside after 21.00 hrs and finishing time for

outside drinking being 21.30 pm.

As Castle Ward member and resident, I am acutely aware the licensed premises in question only has the very limited

outside space on the street side and this space is important to the economic survival of the Public House. The aspect

of the continuing economic success of our public houses and the important role they play in the economy of the

town cannot be underestimated, and so I would ask for some flexibility with this application.

Regards,

Cllr George Hesse

Farnham Castle Ward
