| Service Plan 2022-2025 (rolling 3 years) | Head of Service:        | David Allum        |                  |
|--|-------------------------|--------------------|------------------|
|  | Strategic Director:     | Annie Righton      |                  |
| Service:                                 | Business Transformation | Portfolio Holders: | Cllr Peter Clark |

This Service Plan is a rolling three year programme of both business as usual and project activity. It is reviewed annually to ensure it is consistent with and reflects the Council's priorities and the Medium Term Financial Plan. It has also been prepared within the context of the Covid pandemic which has had an impact on the timing of some projects due to staffing and resourcing implications. From time to time Service Plans will also be subject to review by councillors and officers as a result of the need to reprioritise resources to react to changing circumstances or opportunities. The delivery progress is monitored on quarterly basis as part of the Corporate Performance Report reviewed by Senior Management Team, O&S Committees and Executive.

**Service Profile** 

The Business Transformation Service is made up of five services areas:

Customer Services - The team provides front line customer services and a back office administration function (including scanning, post and print services). Facilities Management (Cleaning & Security) - The Facilities team manages our central headquarters directly and support staff in satellite buildings. They also provide an internal and external cleaning service to a number of clients.

IT - The IT team maintains our core systems and infrastructure as well as supporting service teams in business development and functional improvement projects.

Property and Engineering (Drainage, Street Furniture, Corporate Property, Asset Management) - The team maintains our corporate assets and provides technical expertise and project management across all council services. Business Transformation - Team's core function is to transform and improve Council's services through delivery of Business Transformation Programme and a suit of projects within it.

Service Team: Customer Service
