Thanks for this, Mr .

For today, if you could respond to this email to say you are happy for me to put a Condition on the Licence to say that a Noise Management Plan must be agreed with Environmental Health prior to use of the Licence, I can put this through to Licensing as an updated response. We can sort out the details of the NMP afterwards.

Kind Regards

I am happy for you to put a Condition on the Licence that says a Noise Management Plan must be agreed.

Many Thanks
