

WAVERLEY BOROUGH COUNCIL

LICENSING COMMITTEE

DATE 4 JULY 2022 10:00AM

Title:

Application for Street Trading Consent – Stocklund Square, Cranleigh

Portfolio Holder: Cllr. Andy MacLeod, Portfolio Holder for Enforcement Operations and Brightwells

Head of Service: Richard Homewood, Head of Environmental & Regulatory Services

Key decision: No

Access: Public

1. Purpose and summary

1.1 To determine a new application for a licence to trade in a designated consent street.

2. Recommendation

2.1 The Licensing Committee reviews consultation feedback and determines the application of Diane Savage of Swurls (a mobile food business offering rolled icecream) for a consent to trade at in Stocklund Square, Cranleigh.

2.2 The Licensing Committee delegates the authority to the Head of Environmental and Regulatory Services, in consultation with the Chair and Vice Chair, to revoke street trading consents in the event that any new business granted a Street Trading Consent does not achieve a Food Hygiene Rating Score of level 3 or above within three months of the grant of the consent.

3. Reason for the recommendation

3.1 Under the Local Government Miscellaneous Provisions Act 1982, a street trading consent is required by any person wishing to sell goods on streets designated as a 'consent street'. On 16 May 2022 Diane Savage of Swurls applied for street trading consent to trade in Stocklund Square, Cranleigh. Following consultation, three objections were received and in line with the Council's Street Trading Policy 2021, the Licensing Committee is required to determine the application.

- 3.2 To ensure that new food businesses granted a Street Trading Consent achieve the required Food Hygiene Rating Score within a reasonable time period and to ensure that no sub standard food businesses continue to operate under a Street Trading Consent for any longer than necessary to achieve a Food Hygiene Rating Score of level 3 or above.

4. **Background**

- 4.1 The Act governing street trading within the Waverley area is the Local Government (Miscellaneous Provisions) Act 1982, Schedule 4. Further detail on the legislation is provided in Annexe A. Streets can be designated prohibited streets or consent streets.

A 'Prohibited' street means a street in which street trading is prohibited

A 'Consent' street means a street in which street trading is prohibited unless the Council has given consent. This means that anyone who wishes to trade on a consent street (which includes a road, footway or other area to which the public have access without payment) must hold a street trading consent.

- 4.2 The current [Street Trading Policy](#) came into force on 5 April 2021, along with the Council's resolution to make all streets in Waverley consent streets other than designated [prohibited streets](#). There are some circumstances in which street trading consent will not be required, as detailed in the Policy and on the Council's website, [Will I need street trading consent – Frequently asked Questions](#).
- 4.3 The aim of the Policy is to prevent obstruction of streets, ensure public safety, recognise the importance of the local economy and community events, and prevent nuisance or annoyance to people within the area.
- 4.4 The Policy requires local stakeholders and the public to be consulted on an application, with a normal 28 day consultation period.
- 4.5 Paragraphs 2.3 and 2.5 of the Policy detail that in considering any application for the grant or renewal of a street trading consent the following issues will be taken into account before determination:

Public order

Whether the street trading activity or activities represent, or are likely to represent, a substantial risk to public order

Public nuisance

Whether the street trading activity or activities represent, or are likely to represent, a substantial risk of nuisance to the public from noise or misbehaviour. Particular regard to this will be had in respect of consents in predominantly residential areas and due regard will be had to the character of the neighbourhood.

Public safety

Whether the location of the street trading activity or activities represent, or are likely to represent, a substantial risk to the public from the point of view of

obstruction, fire hazards, unhygienic conditions, danger that may occur when a trader is accessing the site, and overcrowding of the site/area. Overcrowding includes the capacity of the street trading area having regard to the potential maximum attendance on the site by the public, and the consequent risk of over congestion impacting adjacent roads to the site.

Needs of the area

The sufficiency of other trading outlets to serve the needs of an area will always be considered. A new consent is unlikely to be granted where it is considered that adequate like provision already exists.

- 4.6 Officers determine applications for street trading consent where there have been no relevant objections. If any relevant objections arise applications are referred to the Licensing Committee for determination as detailed in paragraph 2.1 of the Policy. A relevant objection is one made by a person, business or body that is likely to be directly affected by a successful application. In addition, the objection must not be vexatious or frivolous and should concern itself only with matters likely to be affected by a successful application. Note the Council is under no duty to grant consent to trade on a street that has been designated as a Consent Street. There is no right of appeal against the refusal of consent, or the application of conditions attached to a Consent, contained in the 1982 Act.
- 4.7 Street trading consents are issued for a set period, usually one year, and for specific locations and times when street trading can take place. All consents issued carry the Standard Consent Conditions detailed in the Street Trading Policy, detailed in Annexe B. Other conditions may be attached to a Consent and will be relevant to the category of Consent issued and the nature of the local environment. The pool of typical conditions that can be added is detailed in the Street Trading Policy and are shown in Annexe C. A Consent may also attract conditions in addition to or instead of those found in the pool of conditions according to their individual merits.
- 4.8 On 16 May 2022 Diane Savage of Swurls applied for street trading consent to trade in Stocklund Square, Cranleigh on:

**Fridays, Saturdays & Sundays 11:00-17:00 hrs during July and August 2022
Saturdays 11:00 - 17:00 hrs only during September 2022.**

The application form is included at Annexe D and a location map of the proposed site is attached as Annexe E.

- 4.9 When an application for a street trading consent is received, the following stakeholders are consulted: the police, the fire authority, the highways authority, local ward councillors, local Chambers of Commerce, local Town/Parish Council, Portfolio Holder for Operational and Enforcement Services, and the Licensing Committee Chairman and Vice Chairman. They were emailed on 16 May 2022, along with The Head of Environmental and Regulatory Services, Environmental Health Manager (Environmental Protection) and Environmental Health Manager (Food and Safety) about the application. Additionally:

- At the start of the consultation period the applicant placed a notice of the application on a lamp post at the trading location, advising people to contact Environmental Health if they had any concerns about the application.
- The public were also notified of the application via the Council's social media platforms on 17 May 2022.

The deadline for consultation responses was 14 June 2022, 28 days after the start of the consultation period.

- 4.10 There have been three objections to the application, received from a Councillor and two local businesses, and one email of support from the Parish Council. Surrey County Council Highways raised no objections, provided the unit did not block visibility for motorists. Please see Annexe F for a copy of the responses (redacted as appropriate).
- 4.11 The representations raised concerns relating to the needs of the area, summarised below:-
- Impact on existing local business (sales/profit)
 - There is already sufficient provision of ice cream in the village
- 4.12 In addition to a street trading consent, mobile food businesses are required to have a minimum FSA Food Hygiene Rating Score of level 3 or above. Currently the business is registered with Waverley Borough Council and is currently awaiting their initial Food Hygiene inspection and rating score.
- 4.13 Whilst this does not technically meet the requirements of the policy and Consent conditions it is felt that new businesses should be afforded the opportunity to demonstrate they can achieve and maintain appropriate hygiene standards. Whilst this cannot be allowed to continue indefinitely it is recommended that in the case of new businesses a period of three months is allowed for them to achieve that standard. If after three months they have not achieved a Food Hygiene Rating of level 3 or above then it is recommended that the Consent be revoked. In addition in order to avoid delays in revoking the consent by bringing the issue back to the Licensing Committee it is recommended that, in all such cases, authority to revoke in such circumstances be granted to the Head of Environmental and Regulatory Services in consultation with the Chair and Vice Chair.
- 4.14 The Committee will be aware that operation of a stall between the hours of 23:00 and 05:00 hours to sell hot food and drink also requires a Premises licence under the Licensing Act 2003 ('late night refreshment'). The trader does not intend to trade during these times.
- 4.15 The Licensing Committee needs to consider feedback from the consultation and determine the application having regard to the matters that can be considered for

the granting of a street trading consent as detailed in paragraph 4.5 above. There are three options for consideration:

Option 1 – Grant a street trading consent as applied for

Option 2 – Grant a street trading consent but with conditions relating to hours or trading or goods allowed to be sold etc.

Option 3 – Refuse the application for a street trading consent.

Whichever option is determined by the committee will take immediate effect.

5. Relationship to the Corporate Strategy and Service Plan

5.1 Effective control of street trading will contribute to the strategic priorities of supporting a strong local economy and improving the health and wellbeing of our residents and communities.

6. Implications of decision

6.1 Resource (Finance, procurement, staffing, IT)

If any consent is refused, under our policy, a full refund of the application fee for each refused location would need to be issued, this is currently £365 per location.

6.2 Risk management

The Street Trading consent area allows street traders with a consent, to trade, supplying goods and/or food on a regulated site approved by the Committee. This offers safeguards to the public who can recognise legitimate traders. It should help prevent the sale of illegal or unsafe goods or food. It also helps to prevent illegal obstruction of the highway. If street trading is not regulated it is likely to give rise to complaints about the adverse impact of street trading in some locations, potentially placing additional demands on the service.

6.3 Legal

6.3.1 Details of the process and legal procedures are set out within the body of the report in line with arrangements under Schedule 4 of the Local Government (Miscellaneous Provisions) Act 1982.

6.3.2 The Committee may grant an application (in part or full), apply any reasonable conditions, time restrictions, restrictions on the type of goods sold etc. The Council may also refuse the application.

6.3.3 The grounds for refusal are considered in Paragraph 7 of Schedule 4 of the Local Government (Miscellaneous Provisions) Act 1982.

6.4 Equality, diversity and inclusion

There are no direct equality, diversity or inclusion implications in this report. Equality impact assessments are carried out when necessary across the Council to ensure service delivery meets the requirements of the Public Sector Equality Duty under the Equality Act 2010.

6.5 Climate emergency declaration

Where consents are granted conditions can be added to a consent to prevent an impact on noise, odour and air pollution. Effective control of street trading activities will assist in mitigating their impact on the local environment and the community.

7. Consultation and engagement

7.1 Consultation undertaken is detailed within the body of the report.

8. Other options considered

8.1 Not applicable

Subject: Re: Street Trading Application- ice cream vendor in Cranleigh

Hi Holly,

I would like to make an objection to this application on the grounds of encouraging and maintaining a diverse local economy. The hours being proposed, although limited, would impact on what would be considered a peak time for the ice cream market over the summer months. Small local businesses rely on these peaks to be able to flourish in what are challenging times for high streets. We have two established businesses providing ice cream products in this area. Moooh!, who have only recently been issued with a street licence for Fountain Square and have invested in new equipment and Seafare who are located on the edge of Stocklund Square and recently expanded into the ice cream market. Although Swirls is offering a slightly different ice cream product, I don't feel that there is a significant difference to warrant it being a product that consumers would purchase in addition to other ice cream products on offer. This would undoubtedly have a detrimental effect on the existing businesses and local employers.

I feel that it is important in a small economic area like Cranleigh, that we are seen to encourage a diverse local economy where there is choice, but not over saturation of a niche market.

Kind regards

Liz

Dear Sir or Madame,

I have received a copy letter of a Street trading application for the above business and wanted to register our strong objection to this application.

In retail & hospitality we are all trying to recover our losses following two years of disruption and as a cafe which sells ice cream and is an important revenue source in the summer months. [REDACTED]

[REDACTED] have significant expenses & fixed costs and a mobile street trading will take a large percentage of our ice cream trade.

Please note also they are not providing a service to the public 7 days a week as we are, but intend to trade on the best three days of the week and for the best three months of the year, therefore just creaming off profit from other businesses in Cranleigh.

Please do not allow this to happen as most businesses here are only just breaking even at best.

Thank you
