

## SAVE CROWN COURT CAR PARK

We, the undersigned, oppose the building of houses on the main Godalming Car Park at Crown Court and /or the construction of a multi storey car park at the Waverley HQ site at the Burys. We call on Waverley Borough Council to:

- 1. Terminate plans to close or partly close Crown Court car park**
- 2. Stop plans to build houses on Crown Court car park**
- 3. Reject proposals to build a multi storey car park at the WBC site (or at Crown Court)**

*“Crown Court car park is Godalming’s largest car park, is used by a large number of residents and visitors and is often full. It is easy to use and conveniently situated at the heart of the town, close to shops and retail businesses in the High Street and Church Street, the Parish Church, the Bandstand, children’s play facilities, events at the Wilfred Noyce centre and Moss Lane School. A Multi Storey car park at the WBC site on the edge of the Conservation Area overlooking the Lammis lands is inappropriate for Godalming and much less easy and convenient to use”*
