Objection to retail sale of alcohol consumption of premises 60-62 weyhill. I am concerned that this will encourage a young drinking problem, existing on weyhill high street. There are already four places to purchase alcohol within 350 yards of 60-62, Majestic wine, Tesco, Apple tree public house, esso garage, and the new Marks and spencer /that's five! Litter is also a major concern as to no litter bins. As we trade in weyhill very close to said shop, I am sick of picking up beer glasses and cans, litter from dominoes pizza left over night outside 9/ 6pm traders premises, not to mention the euronating inside the retail shop alleyways. Also the removal or plants pulled out from planted tubs, of which we make a donation for their maintenance. Also our tenants have expressed their already concern as to weyhill becoming an antisocial environment underneath their rented flat, Kind regards
