How this report relates to the Council's Corporate Priorities:

Waverley's Corporate Plan sets out the Council's priorities for the next four years and is a vital part of the Performance Management Framework which helps ensure that Waverley delivers against all of its corporate objectives.

Financial Implications:

The financial implications arising from the Corporate Plan have been reflected in the draft budget papers for 2016/17 and will be updated each year through the annual Service Planning and budget setting process.

A limited number of Corporate Plans will be printed, the cost of which will be contained within existing budgets.

Legal Implications:

There are no specific legal implications arising from this report.

Introduction

1. The Council's last Corporate Plan expired in 2015 and there is a need for a new Plan to set out and deliver the Council's objectives during the life of the current administration 2016-19.
2. The Corporate Plan, attached at [Annexe 1](#), provides the strategic direction of the Council by setting out its priorities for the next four years. The Plan also forms a vital part of the Performance Management Framework for the Council. The objectives contained in the Plan are delivered through annual Service Plans which in turn are delivered through individual staff targets and these are monitored through the appraisal process.
3. The objectives set out in the Corporate Plan have been arrived at through discussion, research and consultation over the last year taking into consideration the needs of customers and partner organisations.

4. It is proposed that the overall design of the Corporate Plan will follow the existing design concept adopted for Waverley's recruitment material. The concept ideas and examples of page layouts will be presented to the Joint Overview and Scrutiny Committee at the meeting.

Recommendation

The Joint Overview and Scrutiny Committee is requested to consider the draft Corporate Plan 2016-19 and to make any observations to the Executive.

Our vision is to make Waverley a Better Place to Live and Work

Introduction by Leader and Executive Director

Page 2

Our Achievements

Over the life of our previous Corporate Plan we:

- delivered a brand new leisure centre in Godalming and refurbished centres in Farnham, Haslemere and Cranleigh at an overall cost of £9.5m which has increased the usage at our centres by nearly 20%
- launched a new garden waste service which has doubled the amount of green waste collected and trebled the number of customers using this service
- introduced a new street cleaning fleet and achieved much improved standards of street cleanliness across the Borough working closely with our contractor Veolia.
- invested £33.7 in refurbishing our housing stock and have delivered 156 affordable homes over the past four years
- prevented 1,798 households from becoming homeless and continue to have the lowest use of temporary accommodation for homeless households in Surrey.
- undertook a robust and successful emergency response to the Christmas floods in 2013 and continue to work with different agencies to ensure a better defence against flooding in the future.
- protected funding to the voluntary sector by providing annual grants of £3/4 million to maintain citizens advice and day centre facilities and other services which support the needs of vulnerable people.
- successfully created a brand new facility for Brightwells Tennis Club in 2015 including a new club house and tennis courts as part of our on-going plans for the redevelopment of the Brightwells area in Farnham
- refurbished 11 play areas throughout the Borough and two skate parks.
- secured the future of Godalming Football Club on its present site by granting the Club a new 30 year lease
- made savings on our office space in Godalming and enabled the co-location of essential front-line services from other organisations.

Our Borough

Waverley is a beautiful place to live and work. It has good quality housing, good transport connections, first class schools, active communities, good health facilities, and a diverse range of leisure and recreational opportunities

Situated in south west Surrey it covers 345 square kilometres of predominantly rural countryside, much of which is designated Green Belt and an Area of Outstanding Natural Beauty with extensive areas of heath and woodland. Waverley is shaped by four distinct settlements; Godalming, Farnham, Haslemere and Cranleigh which bring with them a rich mix of historical perspective and identity. The local economy has shown itself to be relatively resilient through the recent economic difficulties and the Borough has an above average level of economic activity. Although the Borough is relatively affluent and has been voted on a number of occasions one of the best places to live in the country, it is not without its challenges. These challenges present the Council with opportunities to constantly reassess the best and most effective way to deliver services.

Our Council

Waverley Borough Council provides over 110 local services to a population of around 121,000. These services include housing, planning, refuse collection, recycling, leisure and recreational facilities, countryside management and regulatory services such as Environmental Health and Licensing. The Council provides essential services to support older people and vulnerable families and works with other agencies to enhance the wellbeing of residents. Our services are delivered either directly by the Council or in partnership with a range of organisations including the private sector, other public sector partners, charities and local and community groups.

Despite the pressure on spending across the public sector nationally, Waverley's robust financial platform enables us to continue to invest in the future and improve our service delivery. We are now developing the Borough blueprint for the future in the form of the Council's Local Plan setting out how we will support the success of our communities and businesses over the coming years.

Page 4

Local and National Pressures

Whilst Waverley is a large rural borough it is highly constrained in planning terms as much of the area is designated as Green Belt. This results in pressure for development land which in turn leads to high house prices. The rural nature of the Borough also gives rise to issues relating to aspects of social isolation and proximity to services.

The major demographic pressure facing Waverley is the aging population. With 20% of the current population being over 65 this will inevitably present a challenge to our services for the future and all support providers.

The high cost of housing makes it difficult for first time buyers and for employers looking to recruit local employees. Although there are good rail and transport links running north south through the Borough there are rural transport and infrastructure issues especially for those who do not have easy access to transport.

National pressure on public sector finances means that Waverley will see its funding from central government being withdrawn over the next three years. Waverley will

therefore need to seek ways of becoming independent of Government funding within this time.

What we want to achieve in the next four years

We are an ambitious Council seeking to deliver top class services. In the next four years we will continue to ensure our services are accessible, designed for residents and customers and delivered in an efficient and cost effective way.

As part of the Government's deficit reduction plans we will receive more funding cuts in the next few years and this will further test our initiative and skill in delivering essential services to our residents. Nevertheless, we have high expectations that we will find ways of delivering more with less.

We will embrace new technology and look to deliver services in ways that best suit our residents in this increasingly digital age. However we recognise our diverse population and we will continue to provide a variety of communication channels being very aware that not everyone has access to the internet.

Waverley's aging population poses a number of challenges to our services. It also presents us with opportunities for delivering new services in the areas of leisure, recreation, telecare, housing and initiatives in the area of independent living for older residents. We will need to work collaboratively with other organisations to make this happen and to make the best use of diminishing resources. In the next four years we will be exploring the best ways to work in partnership for the benefit of Waverley residents.

Through the provision of affordable housing, leisure and recreational facilities, support for older people and vulnerable families as well as support for local businesses we will endeavour to secure the wellbeing of our communities.

We will support the wellbeing and vitality of our communities by -

Environment

Waverley is a beautiful place to live and work and we want to make it even better. The Council has an important role in the stewardship of the land we own and manage on behalf of others. Through the Planning service we can influence and support the aspirations for development in our towns and villages. We will also continue to invest in making Waverley a clean and sustainable place.

Priority 3

We will strive to protect and enhance the environment of Waverley by -

- delivering a Local Plan which will support good development in Waverley, achieve sustainable housing needs for the future and contribute to the wellbeing of our communities
- continuing to encourage our residents to improve the quality and rate of recycling to 55%
- reducing the amount of household waste that is mistakenly put into recycling to under 5% by 2019.
- increasing the number of customers of the garden waste scheme by 20% by 2019 so as to reduce the amount of garden waste in household and recycling collections
- improving street cleanliness by ensuring 95% of streets cleaned are carried out to the top two grades of cleanliness measured against average yearly figures
- supporting the preparation of Neighbourhood Plans to deliver locally led growth
- managing our green spaces to ensure they offer biodiversity, remain attractive and continue to be safe for our communities to enjoy
- bring forward proposals for a new. visitor centre at Waverley's flagship attraction at Frensham Ponds

Value for Money

The Council faces enormous financial challenges over the next four years. We want to maintain and enhance our service delivery and will do this by careful financial management and planning.

Priority 4

We will continue to provide excellent value for money that reflects the needs of our residents by -

- taking a sustainable and robust approach to our financial planning in order to continue to deliver excellent services and to live within our means
- seeking ways to be independent of Government funding within five years
- using and investing in assets to enhance service delivery and to maximise value and income
- supporting the needs of businesses and the local economy to enhance the prosperity of our Borough
- identifying other groups who can use our services and thus share the cost base
- maximise commissioning opportunities associated with new and renewed contracts to improve working relationships and thus improve services
